Why you need Home Emergency Solutions

If you have an unexpected home emergency such as a burst pipe or boiler breakdown, you want to put things right as quickly as possible to protect your property from further damage and make your home safe and comfortable to live in. It's not always straightforward to find a reputable contractor at short notice and even if you do it can be expensive. Our Home Emergency policy provides you with a low cost solution ensuring help is always available when you need it most.

With one call to us, an approved contractor will come to your home and make emergency repairs. Our cover includes all of the following domestic emergencies:

- the complete breakdown of your heating system
- plumbing and drainage problems
- damage which affects your security including locks and windows
- if your only toilet is broken
- loss of your power supply
- lost keys
- vermin infestation

Optional annual gas boiler servicing is available on a pay-per-use basis by calling 0330 303 1319.

In addition we provide alternative overnight accommodation if your home is unsafe or uncomfortable to stay in.

If your home is powered by a biomass boiler, anaerobic digester system, air source heat pump or ground source heat pump, the insurer will reimburse up to £1,000 for your own contractor to help.

Our service is available 24 hours a day, 365 days a year and for additional peace of mind all our permanent repairs are guaranteed for 12 months.

What we cover

We pay up to £1,000 per claim in total for the following:

- Contractor's call-out fee
- Labour costs
- Parts and repair materials
- Alternative accommodation costs

In addition we pay up to £250 towards the cost of a replacement boiler if yours is found to be beyond economic repair.

Examples of when we can help

Boiler breakdown

During a particularly cold snap last winter, on a Saturday morning, our insured's boiler broke down. As our insured had three young children, she was keen to resolve the problem as soon as possible.

She contacted us and we immediately appointed a contractor who attended later that day and ordered the replacement part needed to complete the repair to the boiler. The part was fitted the following day and the insured was able to heat their home again.

Burst pipe

Our insured called when a burst pipe in their bathroom was causing water to drip through the kitchen ceiling causing damage and distress. We arranged for a contractor to carry out an emergency repair on the pipe and stop the leak.

Security

Our insured contacted us when an attempted burglary left a smashed window in his front door which meant he was unable to leave home to go to work. We immediately arranged for a contractor to make the property secure by boarding up the window. A further claim was made on the insured's home insurance for a full replacement door.

When we cannot help

We promise to respond quickly where help is necessary to prevent or reduce damage to your home and its furnishings or to make it safe and secure to live in. However, Home Emergency Solutions is not a home maintenance contract. We cannot help you with problems that result from wear and tear or merely cause inconvenience; for example a leaking tap.

The Summary table which follows provides the information you need to know before deciding whether to purchase cover.

Optional service

We have negotiated competitive rates with our approved contractors for an annual gas boiler service. You can simply call our dedicated service phone number and we will arrange for a local approved firm to get back to you within two hours to agree a convenient time to carry out the service. You are responsible for the contractor's annual service charge and we are confident that you will receive high standard of customer service from our contractors.

Important information

Claims procedure

In the event of a home emergency:

- 1) **Please telephone the dedicated number shown in the policy wording** (lines are open 24 hours a day, 365 days a year) as soon as possible, providing us with your name, address, postcode, and the nature of the problem.
- 2) We will record your details and then decide on the best course of action to limit your loss and/or repair the damage. If the incident relates to an emergency covered under this policy, we will instruct a member of our emergency contractor network in respect of that claim only. We shall have no liability for any other work carried out by the contractor. Poor weather conditions or remote locations may affect normal standards of service.
- 3) If your home is powered by a biomass boiler, anaerobic digester system, air source heat pump or ground source heat pump, we will check your details and agree for you to choose a suitable expert to help. You will have to pay the contractor and send your receipt to us, we will reimburse your claim. Please send your receipt to **www.arag.co.uk/newclaims** or **ARAG plc, 9 Whiteladies Road, Clifton, Bristol, BS8 1NN**.
- 4) If you are claiming for alternative accommodation costs you must obtain our authority to incur costs before booking somewhere to stay. You will have to pay for the accommodation when you check out and send your receipt to us to be reimbursed.
- 5) It is important you notify us as soon as possible of any claim, and do not call out your own contractor unless we have agreed as we will not pay their costs and it could stop your claim being covered.
- 6) You must report any major emergency which could result in injury or serious damage to the home to the Emergency Services or the company that supplies the service.
- 7) Your call will be answered as soon as possible and may be recorded for training and security purposes.

What happens if I change my mind after taking out the policy?

The policy provides you with a 14-day reflection period in which to decide whether you wish to continue. Cancellation is fully explained in Condition 6 of the policy wording.

What happens if the insurer cannot meet its liabilities?

The insurer is covered by the Financial Services Compensation Scheme (FSCS). You may be entitled to compensation of up to 90% of the cost of your claim in the unlikely event that the insurer cannot meet its obligations. Further information about compensation scheme arrangements is available at www.fscs.org.uk.
