Examples of when we can help

Boiler breakdown

During a particularly cold snap last winter, on a Saturday morning, our insured's boiler broke down. As our insured had three young children, she was keen to resolve the problem as soon as possible. She contacted us and we immediately appointed a contractor who attended later that day and ordered the replacement part needed to complete the repair to the boiler. The part was fitted the following day and the insured was able to heat their home again.

Burst pipe

Our insured called when a burst pipe in their bathroom was causing water to drip through the kitchen ceiling causing damage and distress. We arranged for a contractor to carry out an emergency repair on the pipe and stop the leak.

Security

Our insured contacted us when an attempted burglary left a smashed window in his front door which meant he was unable to leave home to go to work. We immediately arranged for a contractor to make the property secure by boarding up the window. A further claim was made on the insured's home insurance for a full replacement door.

Help is available when you need it most

Optional service

When we cannot help

We promise to respond quickly where help is necessary to prevent or reduce damage to your home and its furnishings or to make it safe and secure to live in. However, Home Emergency Solutions is not a home maintenance contract. We cannot help you with problems that result from wear and tear or merely cause inconvenience; for example a leaking tap.

There is a requirement to have your boiler serviced annually. We are happy to provide this optional service for you at a competitive rate.

The Summary table which follows provides the information you need to know before deciding whether to purchase cover.

We have negotiated competitive rates with our approved contractors for an annual gas boiler service. You can simply call our dedicated service phone number and we will arrange for a local approved firm to get back to you within two hours to agree a convenient time to carry out the service. You are responsible for the contractor's annual service charge and we are confident that you will receive high standard of customer service from our contractors.

Important information

Claims procedure

In the event of a home emergency:

- 1) **Please telephone the dedicated number shown in the policy wording** (lines are open 24 hours a day, 365 days a year) as soon as possible, providing us with your name, address, postcode, and the nature of the problem.
- 2) We will record your details and then decide on the best course of action to limit your loss and/or repair the damage. If the incident relates to an emergency covered under this policy, we will instruct a member of our emergency contractor network. Poor weather conditions or remote locations may affect normal standards of service.
- 3) If your home is powered by a biomass boiler or anaerobic digester system, we will check your details and agree for you to choose a suitable expert to help. You will have to pay the contractor and send your receipt to us, we will reimburse your claim. Please send your receipt to **www.arag.co.uk/newclaims** or **ARAG plc, 9 Whiteladies Road, Clifton, Bristol, BS8 1NN**.
- 4) If you are claiming for alternative accommodation costs you must obtain our authority to incur costs before booking somewhere to stay. You will have to pay for the accommodation when you check out and send your receipt to us to be reimbursed.
- 5) It is important you notify us as soon as possible of any claim, and do not call out your own contractor unless we have agreed as we will not pay their costs and it could stop your claim being covered.

- 6) You must report any major emergency which could result in injury or serious damage to the home to the Emergency Services or the company that supplies the service.
- 7) Your call will be answered as soon as possible and may be recorded for training and security purposes.
